# PROS AND CONS

The BT welcomes letters to the editor. All correspondence must be typed triple spaced and must not exceed 300 words. Only signed letters will be considered for publication.

Dear Editor,

During the student body meeting Wednesday, May 17, the group discussed the class and student council elections. In the section of the constitution dealing with election procedure I noticed all officers to the council must be elected by a MAJORITY (over 50% of the student body, not a plurality (the most votes). Therefore, each student council officer who ran against two or more candidates may have been given the office illegally. The office of Vice-President of the Student Council is one position where the legality of the selection is in question. By official, published results the acclaimed winner, Stuart Platt, failed to win a majority over Wayne Seipel and David King by 89 votes.

The deeper problems of the constitution lies in the election of class officers. If, as we are led to believe, the class officers, because of their importance, are filled by the same code governing the council officers, then each must gain a majority. A class officer filled by a winner of only a plurality has not been constitutionally elected and runoff elections are now in order.

The Student Council must constitution, as we were told act immediately to enforce its it was doing during the elections. Runoffs should be held

at once to fill the office of vice-president and all class offices where a majority was not attained. Each office should be filled before the end of the year and Student Council installation.

Legally and sincerely,  
Jeff Harmon

Dear Editor,

I think a course in Auto-Mechanics would be very helpful to certain students at MacArthur High School. How could we get this course without a petition? We would like this course to be offered in the near future.

Thank you.  
Pat Taber

Dear Editor,

The series of meetings conducted in the past few weeks are positive results of the efforts to open lines of communication among those interested in education at MacArthur. However, we must all guard against allowing these meetings to degenerate into personality clashes, as it seemed to do during the recent Thursday evening meeting. It is not the intent of anybody to indict the administration, the students, or the faculty. It is our intent to create an intellectually stimulating and enjoyable atmosphere at MacArthur. The understanding that no personal indictments are intended will facilitate greater cooperation toward the resolution of problems on campus, and will result in fewer ruffled egos.

## New Ideas Often Lost In Maze of Channels

"But still, we students have brought up ideas and talked them over with the administration. We've written letters to the editor and to the Student Council. Why, I even went to a board meeting, hoping to present my suggestions. But still-nothing."

So the point has been brought up — no one listens. Or if they listen, they never act. For instance, let's take a hypothetical issue and follow it through "channels:"

### The Question of a Student Court

The student formulates his ideas, builds his case, and tells it to his student council representative. The student hopes the court will have jurisdiction over dress codes, parking violations and infractions of school rules. The representative nods his head and forgets painlessly.

Failing to receive action on his idea, the student next approaches his class officers, describing the student court's structure, that it shall be made an integral part of the Student Council, charged with the enforcement of the student laws. The class officers agree that it is a fine idea, but somehow they explain that they themselves are powerless. The student continues his quest.

The student writes a letter to the editor, explaining the court's operation: a group of judges to be elected from the student body. Each will have a term of one semester. The student recognizes the need for qualifications for the judges. The letter is published, but the paper itself can only publicize and has no real authority to enact legislation.

The student next goes to the administrators and discusses why the court will succeed: because it is the students own self-governing body, because it will have the power to punish students.

But beyond these points, beyond the head-noddings and hand-shakings, will any action be taken? No, not this year. . .

Patience.

# Faculty Programs To Ease Boredom

By Richard Alles

"A growing number of students openly admit that they are bored to tears."

"There are serious deficiencies in curriculum."

"Why not present recorded poetry or art films to stimulate discussion?"

Are MacArthur's educators ignoring fervent student pleas?

The answer to this question, following relevant conversation with any of the more progress-orientated members of the faculty, is emphatically — no.

Mrs. Angelica Cantu, MacArthur's librarian, is one of the those members. She proposes a cultural program centered around the school's modern library facilities, and emphasizes that she began campaigning for this plan early in the second half of the year.

The project has basically two parts, one an arrangement to bring speakers to MacArthur and the other an extensive Audio-Visual facility expansion.

In fulfilling the first area, Mrs. Cantu hopes to attract speakers for a small symposium of study hall students. She aspires to develop the student's creativity, intellect and cultural background in presenting, for example, artists, writers, and professionals to educate the audience in their vocation.

The second aspect of the project is aimed at amassing an Audio-Visual Aid library. Mrs. Cantu hopes to acquire equipment for making transparencies, shooting and developing movies, and recording tapes. With these facilities, the library will be able to supply the school with any type of transparency for overhead projectors, film activities about the school, and tape events such as debates and plays. Ideally, student library aides will be trained to operate this equipment and in this way

expand their knowledge.

A more economically feasible speaker's program is suggested by Mr. Norm Hitzges, Journalism instructor. He plans to hold a bi-weekly meeting after school for concerned students with an orator of substantial community recognition.

The program will be run on an "Alan Burke type format", Hitzges emphasized, with a 30-45 minute talk followed by a question and answer period in which the audience may participate. The Journalism sponsor plans to invite San Antonio civic leaders such as Police Chief George Bischof, City Councilman Pete Torres, and City Manager Jerry Henckel.

Hitzges also proposes that films be shown every day during study hall periods. "Through these films," he said, "the 'boredom' of school should be somewhat eliminated." He also hopes the speakers program will refute claims of "a lack of intellectual atmosphere" in the school.

A program to more fully utilize the advisory is definitely scheduled for initiation next September.

Principal Mr. George Vahey has planned a handbook to be distributed to advisors containing an outline of the year's homeroom activities. He cites a hypothetical freshman advisory that would discuss the regulations of high school. Next, the class would become familiar with the courses offered at MacArthur, then with extracurricular activities, and finally institute discussions on teenage problems.

The Man-in-White (Rick Railsback) majestically receives the worship of the chorus in background. "Masquerade," a one act play, was performed May 14.

## Student Written, Directed "Masquerade" Well Received

By Pat Murphy

"All the figures begin to look the same,  
No one bothers to ask your name.

In one continuous stream we ride  
Never looking on the other side."

Thus went part of the first play in the school's history to be written, directed, and produced entirely by MacArthur students.

The play, "Masquerade," was written by Junior Debbie Stewart and directed by Senior Brenda Foley.

Two months of rehearsals prepared the cast for the Wednesday, April 14, presentation in the MacArthur auditorium, at 8 p.m.

It is a story of a group of confused misguided people whose idol is a Man-in-White, played by Rick Railsback. He is the motivation for the actions of the others. The god of the masses. In reality he is masquerading.

Poet, played by Stan Crawford, is the closest person in mankind to Man-in-White. He is an idealistic man, who speaks only in rhyme.

Frank Stenger plays Rebel, a cool, aloof young

Negro, burning with hate.

Seemingly happy-go-lucky, Clown, played by Ronnie Zimmerman, portrayed a man who only thought he enjoyed making people laugh. In truth, he was a fool who had wasted his life away.

Nancy Hamby, as Old Woman, played a deranged person whose fears and frustrations were taken out on a doll, fortunate to have not known life.

The Chorus represented the masses, the followers of the Man-in-White, showing man's unrealistic belief in ideals. It included Tina Dean, Laird Markland, Gail Factor, Collett Holley, and Steve Williams.

Other students in "Masquerade" were Joe Scudiero (Cripple), Liz Leudemann (Mother), Nicki DeLauis (Child), and Jean Eby (Girl).

Karen Boerner was the stage manager and David Boerner controlled sound and lighting, an important part of this revolutionary play.

Following the play, interested people were able to meet the cast and discuss "Masquerade."

"Masquerade" was a MacArthur "First" that should not be the last such attempt.

... Old Bus 4 was retired from transportation service. Whether this was coincidence or whether the Brahma Tales' April Fools issue was instrumental in spurning the arrival of the later model is left to the now modernly accommodated passengers.

## Seniors Nab Scholarships, Many Other Academic Awards

MacArthur has been very well represented in 1969 competition for scholarships and honors.

At this time, some 40 students have been awarded approximately \$200,000 in scholarships.

There are various types of scholarships, including those based on merit athletics, and those given by local foundations.

Two students received scholarships for their outstanding achievements on qualifying tests and their high school records. Mike Parker, valedictorian of the class of '69, received the Caffarelli Merit Scholarship for his high scores on the National Merit Scholarship Qualifying Exam and SAT test plus his high school record. Pat Carlson received the National Honor Society Scholarship as a member in the NHS who scored high on the PSAT as a senior.

Barbara Weyel, Cindy Dobbs, and Joan Whitmore were named PTA scholar, Bexar County scholar, and Breckenridge scholar, respectively, and they will each receive scholarships from the respective organizations.

Bill Barnhill and Gary McCaffrey both received athletic scholarships. Barnhill's is from the University of Texas for swimming and McCaffrey's is from Texas A and M for football. Also, David Boerner has an A & M opportunity award.

Tim Miller and Albert Pugh have ROTC scholarships. Richard Carnes received the local Joske's award for his achievements as a pianist.

Nine other MacArthur students have received special honors; Kim Smith earned the title of Piper Scholar Finalist; Hal Moore and Gary Caswell have been accepted at Princeton; Mike Parker, Robert Williams, Rick Railsback, and Lisa Lyon were accepted at Rice; and Rick Alexander received an appointment to the Naval Academy.

The scholarships mentioned above are only a few examples of the many academic honors MacArthur students have earned and there are several scholarships still under consideration.

## Vandy Dinkins Places At VICA State Meeting

Junior Vandy Dinkins recently received second place honors at the VICA State Convention for a photo exhibit depicting her work in the Health Occupations Cooperative Training Program.

Her entry, "The Nurse Aide Health Career Student and Her Routine Duties in the Nuclear Age Hospital," featured a series of color slides of Vandy Dinkins on the job as nurse's aide trainee at Southwest Texas Methodist Hospital.

In lieu of this and numerous other awards, her chapter was named "Outstanding Chapter of the District."

As chapter reporter, she served on the officers' ceremonies team which took the first place trophy in both district and state.

The photo display has been exhibited at the Central Office, at the Southwest Texas Methodist Hospital, and in Central Park Mall.

# American School Customs Change Odile's Attitudes

By Odile Decomble

In France, I have always been in a private school where there were only girls, and where we had to wear a navy-blue uniform every day. So, it was a big change for me to come to MacArthur!

The first day of school, I was really lost! In France, we always stay in the same room, and the teachers change each period. Here, it is the contrary — and when the bell rang for the first time and I saw all those people running everywhere, I really wondered where I was! But I learned, and now I go as fast as everybody else!

During class, I was surprised by the relations between teacher and students. They are almost like friends and, in general, the students can participate in the class more than they do in France. At the beginning, I was very quiet. First, I had problems with the Texas accent. Then, I thought that the teacher would be mad at me. But I noticed that I was almost the only one to be so quiet. Since then, I changed, maybe too much (ask Mrs. Peak!).

I never had so much fun at school as I have had this year. Of course, you have to study, but you have so many activities besides studying! Clubs, pep squad, sports.

In my school, we had a volleyball team, and a basketball team. The boys often play soccer or rugby.

Besides, we have tennis, swimming, etc. But, in fact, sports in our schools are not very popular.

I had heard about American football before coming here, but I thought it had some similarities with our football (that you call soccer) . . . Well, that was a big mistake! When the first game started I thought something was wrong and that the two teams were fighting. I did not realize that it was the game!

Around me, everybody was yelling, screaming, crying. I did not know anything that was going on, and I did not understand any words of the cheers. But after a few pep rallies, I knew almost everything and I was not the last one to yell!

I would like to be able to teach football in France. I think it is much more exciting than soccer!

My sister at home loves swimming, and she is always asking me about the swimming teams at my school. When I tell her that the boys were third and the girls first in state, she's going to be the happiest girl in the world. The Brahmas have supporters everywhere, even in France.

I have been very happy to spend this year at Mac. I would like to thank all the students, all the teachers and everybody in the school for being so nice to me and for making this year unforgettable for me. I hope MacArthur will always be the greatest school, as it is now. I know it will! Good luck always, Brahmas!

Odile Decomble, French exchange student, poses in Harry's Western Wear Store in a complimentary outfit for remembrances of the Texas wilderness.

## Seniors '69 Select Superlative Students

Webster's dictionary defines "superlative" as "of highest kind; above all others; supreme example."

### Best Looking

### Friendliest

David Wylie and Lynn Cather earned the titles of "friendliest" over fellow classmates Steve Paulson, Mark Schneider, Thad Ziegler, Carolyn Andrews, and Janice Kennedy.

# Brahma Band Lassos First At Buccaneer Days

The MacArthur Brahma Band capped a most successful year by receiving a first division rating at the Buccaneer Music Festival Friday, May 2, in Corpus Christi.

The 125-member band under the direction of John Pearson performed "Symphonic Movement" in the national contest.

The first division climaxed what has been a very good year for the band.

The band received their second straight sweepstakes award which is presented to a band which receives first divisions in marching, concert, and sightreading.

The Blue Knights, MacArthur's stage band, was

judged "best in the southwest" and given first place in a February contest in Brownwood, Texas.

The band will lose 20 seniors this year. These bandmen will march across the stage May 27 with "fond" memories of 7:30 a.m. rehearsals and seven mile parades.

But the 1969-1970 band will not change significantly in size. About 20 new musicians have been chosen to join the ranks of the Brahma Band.

## NFL Host First Annual Debate Meet

Fourteen schools participated in MacArthur's First Annual Debate Tournament held on campus May 9 and 10.

Organized by MacArthur debaters and other NFL members, this tournament was designed to be the forerunner of a more intensive speech contest next year.

General tournament director Jeff Harmon was assisted by Mark Mitchell, director of boys standard, Stan Crawford, cross-examination director, and Zia Gipson, who was in charge of the girl's standard debate.

The tourney, which began Friday afternoon, was attended by 12 San Antonio high schools in addition to San Marcos and New Braunfels.

The awards presentation took place in the student center, focal point of tournament excitement.

Two first places went to Alamo Heights and the third was won by the boys standard team from Central Catholic. Jefferson, Texas Military Institute and Alamo Heights, also received second place honors.

## Fetzer's Pitching Leads Baseballers To Four Wins

MacArthur finished its baseball season in a blaze of glory by winning their last four games. After suffering through a 2-6 start in district the Brahmas' rally left them 6-6 and in fourth place.

After a brutal beating from the Jefferson Mustangs the first time around, a much improved Brahma ball club put a dent into the Mustangs perfect record by handing them a 4-1 loss. Randy Dietz, Arthur Ressen, and John Garner each scored in the fourth inning while Garner added a sixth inning homerun.

Mac: 000 301 0-4-10-0

Jeff: 100 000 0-1- 5-0

Mac: Fetzer (W 7-3), and Moore. Jefferson: Denzer (L) and Mazuca.

As before MacArthur defeated the Alamo Heights but by a narrower margin, this time 2-1. Mark Fetzer relieved Joe Graham in the seventh, threw four pitches and was credited with the victory. Heights scored in the second inning and threatened to score again. In the third inning Stan Shipley scored to tie the game and to wrap the game up. Tom Cusick scored in the seventh.

Mac: 001 000 1-2-6-0

Hts.: 010 000 0-1-4-3

Mac: Graham, Fetzer (7) (W 8-3) and Moore. Hts.: Waters (L) and Ware.

MacArthur turned the tables on the Highland Owls in their second confrontation as the Brahmas won 4-1, as opposed to their three run loss, 7-4, in their first game.

The Owls suffered in the second inning as the Brahma batting order racked up four runs to lead 4-0. The Brahmas also did some suffering, however, but not scorewise. Centerfielder John Garner while attempt-

ing a shoe string catch, fell, and dislocated his shoulder.

Highlands threatened briefly in the sixth as they scored a run, but the threat was short-lived and the excellent pitching performance by Mark Fetzer led the Brahmas to another victory.

Mac: 040 000 0-4-4-0

High.: 000 001 0-1-6-1

MacArthur: Fetzer (W 9-3) and Moore. Highlands: Bendele (L) and Goza.

In the closing game of the season MacArthur, combined clutch hitting good defense and, some lucky breaks, to beat the Churchill Chargers 5-2.

Churchill got the game rolling as their first man scored. Following suit so did MacArthur as Ken Pape singled, stole second base and scored on a base hit by Arthur Ressen. Mark Fetzer scored in the third for MacArthur after being walked. Tom Cusick and Terry Overton tallied in the fourth. With a daring, and somewhat accidental swan dive, Randy Dietz crossed home plate safely in the fifth inning for the Brahmas fifth and final run of the game. The Chargers rallied briefly in the six but could manage only one run.

The win was credited to Mark Fetzer who won all four games in the Brahmas closing streak and finished 10-3.

## Warmin'

Athletically speaking, the sports year for MacArthur has drawn to an end. Time draws near for summer vacation and getting out of shape.

The average sports fan blocks out the summer months from their minds in reference to high school athletes. To the fan, the athlete starts his year at just before the opening football game and ends it at the last baseball game.

This may come as a shock to some people but the summer is one of the greatest factors in the difference between a great athlete and just a good athlete. Those who stay in shape and work hard to stay that way will almost every time surpass the one that doesn't.

An athlete is like a car. Its engine and other parts that make it function at its best requires constant attention, the adding of oil and gasoline, and regular work-outs on the road. An athlete who doesn't give his body the proper foods and exercise and you'll find him functioning like a gasless, un-oiled car with flat tires.

So next year if the athletes work out and stay in shape over the summer months the sports fan can expect the most out of their teams. But, if a teams performance is not up to par, the fan can draw his own conclusion.

As the year draws to a close, the writer of this column would like to thank the coaches for their untiring efforts to produce winning Brahma teams. I would especially like to thank Coach Vernon McManus for putting up with me during countless interviews. Also I would like to thank Coaches Bill Moseley and John Porter for allowing me to borrow their game books when I couldn't make the games. And last but not least I would like to thank Coaches Wes Davis, Gene Smith, and Frank Sitton for succumbing to my overly inquisitive interviews.

# Sports Season Ends With Spring Banquet

Except for spring training, MacArthur athletics for 1968-69 ended with the Annual Spring Sports Banquet held at the Virgil T. Blossom Athletic Center May 10.

The program followed a "game plan" and started with the Invocation by Rev. Maurice Dillane followed by the National Anthem led by Donna Patterson.

After a meal catered by Nel'm's Barb-B-Que, Mr. George Vakey, principal, commented on "Side Line Support" briefly mentioning the outstanding job of this years R.O.T.C.

Head Coach Vernon McManus spoke briefly of the past year and introduced each of the coaches of MacArthur who in turn introduced their teams and lettermen for this year.

Boasting the best record of the year, the girl's swimming team was first as swimming sponsor Miss Marla McCarty named the following letter earners:

Sarah Barbee, Sally Billmeier, Susan Billmeier, Susan Buchanan, Carol Craven, Vesta Flaggert, Paulette Gibson, Riki Ison, Kathy Joyce, Jo Ann Lash, Helen Seidel (Co-Captain), Tina Treut.

Next came the boys swimming team with coach Don Dill making the announcement that the following members lettered:

Ray Ince, Bill Barnhill, Court Thielman, Charlie Spencer, David Spencer, Ray Ison, Poncho Smith, Richard Burton, Mat Compton, Mike Morgan, Mike Varekens.

Coach Bill O'Bryant followed with the tennis lettermen:

BOYS: Mitchell Carlson, John Biggs (Captain), Jim Polka, Dickie Blair, Doug Vanderploeg, Jack Boerner, GIRLS: Debbie Patterson, Debbie McCartney, Brenda Speert (Captain), Karen Hall.

The smallest group of lettermen was announced

by golf coach Frank Sitton as he lettered: Bill Holder, captain, Chuck Plummer, Charlie Garrett, Thom Sickman, and Larry Leach.

With one make-up game still left, the baseball lettermen were presented by Coach John Porter were:

Mark Fetzner, Joe Graham, Ricky Moore, Randy Dietz, Steve Aycock, Stan Shipley, Ken Pape, Terry Overton, John Bodenman, John Garner, Arthur Ressenman, David Garrett, Rick Huffman, Scott Stephens, Charlie Jupe, Tom Cusick, Donnie Flowers, Chip Hames, Jim Webb, Skip Beck.

Coach Bill Moseley provided a little comic relief while he revealed his basketball lettermen:

Glen Perkins (Co-Captain), Rick Celaya (Co-Captain), Brett Cotham, Tom Romo, Don Wilson, Ken Lawrence, Charles Cardenas, Steve Beck, Ken Pearce, Ken Fischer, Thad Ziegler, Charles Forney, Wayne Martin, Scott Stephens, Mike Davis, Ronnie Krietzel.

Last, but far from the least, Coaches Wes Davis and Gene Smith presented this years track lettermen. The following lettered:

Doug Bachman, Gary Caswell (Co-Captain), Roger Kies, Don Haines, Kevin McMaughan, Don Sommerville (Co-Captain), Tom Snider (Co-Captain), Mike Thompson (Co-Captain), Mark Schneider, Jay Collins, Charles Forney, Hal Vagtborg, David Williams, Norman Thomas, Bill Spence, Ronnie Duvall.

District Athletic Director Joe Bill Fox was guest speaker for the event and recalled parts of his career as ex-head coach at MacArthur.

With or without muddy fields, spring training, a 20 day workout session, was conducted. Football Coach Gene Smith waits for the rush.

## Spring Football Game Matches Sophs. vs. Jrs.

The poor attendance at spring sports events should be suddenly changed at 7:30 p.m., May 24 at North East Stadium.

For, amidst dusty seats and six month old coke cups, the pigskin will fly again in the annual spring football game.

This year's game will tentatively pit the sophomores against the juniors.

Head coach Vernon McManus anticipates a "fine spring game" as this game plan has been tried out in practice with great success.

The game should not be as uneven as it first appears as the sophomores boast six lettermen who

have been "looking good."

Juniors standouts in spring training thus far are Bill Gremmel, Bob Berry, Clarence Gelfers, Jay Collins, and all-district lineman Rick Sheldon.

The sophomores boast Ronnie Duvall, Brian Kies, Tom Gee, Paul Alexander, Bob McCormick, and Bill Cook, who was termed a "pleasant surprise."

Three starters, Arthur Ressenman, John Garner, and Tom Cusick, missed spring training because of baseball practice, but will be ready for the annual game.

Coach McManus expects "big things" next season from all 20 returning lettermen.

The team appears confident in a "new offense" which the coaching staff has added.

Coach McManus said of spring training, "Thus far, I am real pleased with the hustle and enthusiasm."
